### VAB/FCC TECHNICAL STATION INSPECTION PROGRAM

**The station(s) I wish to have inspected is/are as follows:**

CALL LETTERS	CITY OF LICENSE	TYPE OF STATION (Radio or TV)	MONITORING POINTS (if AM Directional)

**If more than one station is listed, please answer the following:**

- (1) Are all stations under common ownership?  
 Yes     No
- (2) Are the main studios of each station located at the same site?  
 Yes     No
- (3) Are the transmitters of each station located at the same site?  
 Yes     No

#### ***TECHNICAL INSPECTION GRACE PERIOD OPT-IN***

Under the technical inspection grace period, your station can elect to have VAB notify the FCC of your participation in the inspection program. If you so elect, the FCC will not conduct a routine random inspection of the station for a period of 150 days from the date VAB receives your payment for the inspection. You will have 150 days to successfully complete the inspection. If you do not elect the grace period, VAB will not notify the FCC of your participation in the program, and the 150-day grace period pending successful completion of the inspection will not be available and you will not be insulated from an FCC inspection pending completion of the inspection.

**Therefore, please indicate which option you elect:**

<input type="checkbox"/>	I <b>ELECT</b> the GRACE PERIOD and authorize VAB to notify the FCC of the station's participation in the inspection program.
<input type="checkbox"/>	I <b>DO NOT</b> elect the GRACE PERIOD and understand that the station will be subject to FCC inspection until it receives a Certificate of Compliance.

I understand I will receive a billing invoice for the inspection program and agree to pay the invoice before the inspection is conducted. I also agree to make station staff available to accompany the VAB representative and provide information necessary to complete the inspection as scheduled.

I also understand that the inspection does not cover and, therefore, the station will still be subject to the following FC inspections: (1) public file inspections relating to political broadcasting or EEO materials; (2) inspections concerning tower safety; and (3) complaint-driven inspections.

***RELEASE***

I HAVE READ AND UNDERSTAND THE VAB'S DESCRIPTION OF AND LIMITATIONS OF THE VAB/FCC TECHNICAL STATION INSPECTION PROGRAM AND ACKNOWLEDGE THAT THE VAB INSPECTION WILL NOT INSULATE ME FROM NON-ROUTINE INSPECTIONS BY THE FCC NOR FROM SUBSEQUENTLY DISCOVERED VIOLATIONS OF FCC RULES AND IS NOT A SUBSTITUTE FOR FCC LEGAL ADVICE. I RELEASE, DISCHARGE AND HOLD HARMLESS VAB, ITS AGENTS, INSPECTORS AND EMPLOYEES FROM ALL ERRORS, OMISSIONS, CLAIMS AND LIABILITY OF EVERY KIND WHATSOEVER IN CONNECTION WITH, RESULTING FROM OR GROWING OUT OF THE INSPECTION.
